

Trivia Night

Welcome

There are 10 rounds in this Trivia Challenge

- 8 rounds of 5 Questions
- 1 round of Riddles
- The last round is a DOUBLE POINTS round!

Rules

1. Listen and look carefully at the questions.
2. Write your answers on your team score sheet next to the designated question.
3. You will have 1 minute to write down your answer.
4. No yelling out the answers!
5. At the end of each round, you will swap sheets with the table next to you and score them.
6. The judge is ALWAYS right!

Topics

Round 1	Local Geography	Round 6	Food
Round 2	Willow Creek Knowledge	Round 7	Sport
Round 3	Animals	Round 8	Human Body
Round 4	Movies	Round 9	Australiana
Round 5	Riddles	Round 10	General Knowledge Double Points!

Answers for Teachers

Are noted in **RED**

Background is supplied with answers where appropriate.

Trivia Night

Round 1 - Local Geography

Q1. Victor Harbor was named after a ?

- A. Person
- B. Ship**
- C. Place

In 1837, Captain Richard Crozier in command of HMS Victor, anchored just off Granite Island and named the sheltered waters in the lee of the island 'Victor Harbor' after his ship.

Q2. What is the name of the island that connects to Victor Harbor by a causeway?

- A. Granite Island**
- B. Green Island
- C. Goat Island

Q3. What is the name of the local tourist train?

- A. Puffing Billy
- B. Steam Ranger
- C. Cockle Train**

In early days of settlement the local residents would take a horse drawn train to Goolwa to collect Cockles from the sandy beaches near the Murray Mouth.

Q4. What animals visit each winter between May and November?

- A. New Zealand Fur Seals
- B. South African Penguins
- C. Southern Right Whales**

Answer - C. Southern Right Whales

During Whale season June to October, Southern Right Whales congregate here off Encounter Bay to give birth, nurse their young, mate and to socialise.

Q5. What is the ocean surrounding the coastline of South Australia?

- A. The Indian Ocean
- B. The Pacific Ocean
- C. The Southern Ocean**

The Southern Ocean. Australia is surrounded by oceans. To the east is the Pacific Ocean. To the south, it is the Southern Ocean, and to the north west, it is the Indian Ocean. The Atlantic Ocean lies between North and South America.

Trivia Night

Trivia Night

Round 8 Human Body

Q1. What is the number of bones in the adult human body?

- A. 260
- B. 216
- C. 206
- D. 266

At the time of birth, there are 270 bones which fuse with time to come to a total of 206 bones.

Q2. How many ribs are in a human body?

- A. 10
- B. 12
- C. 20
- D. 24

Humans have 12 pairs of ribs / 24 ribs in total

Q3. What is the name of the organ that we use to breathe in oxygen?

- A. Mouth
- B. Lips
- C. Lungs
- D. Tongue

The lungs and respiratory system allow us to breathe. They bring oxygen into our bodies (called inhalation) and send carbon dioxide out (called exhalation). This exchange of oxygen and carbon dioxide is called respiration.

Q4. **True** or False - Humans have the same number of neck vertebrae as a giraffe.

Even though the neck of a giraffe can be 2 and a half metres long and weigh up to 270 kilograms, they only have seven neck vertebrae - the same number of neck bones that humans have! But unlike our vertebrae, each of theirs can be up to 25 centimetres long.

Q5. Can you lick your elbow?

No, but be honest. You just tried to, right?

Trivia Night

Round 9 - Australiana

Q1. How long do koalas sleep?

- A. 6-8 hours
- B. 10-12 hours
- C. 14-16 hours
- D. 18-20 hours

The koala may sleep or rest for up to 18-20 hours every day while being tucked into the fork of the tree. Their extraordinary sleeping habit is believed to be an adaptation to their leaf-based diet, as they get very little energy from just eating leaves. Hence, koalas need more rest and sleep than most mammals to conserve their energy in dry environments such as the Australian bush.

Q2. What is the collective noun for wombats?

- A. Gang
- B. Family
- C. Wisdom
- D. Crowd

You'll never mistake a wombat poo for any other animal's, because wombats are famous for doing cubed-shaped poo – pumping out around 100 of these a day. Long story short, it's all to do with their very slow digestive process.

Q3. What is a baby echidna called?

- A. Pebble
- B. Pup
- C. Cub
- D. Puggle

Trivia Night

Q4. Name the two animals next to the Australian coat of arms.

- A. Kangaroo and Koala
- B. Emu and Koala
- C. Kangaroo and Emu
- D. Emu and Wombat

The Australian Coat of Arms contains symbols of Australia's six states, and is held up by native Australian animals, the kangaroo and the emu which were chosen to symbolise a nation moving forward, based on the fact that neither animal can move backwards easily.

Q5. How far can a kangaroo jump?

- A. 1 metre
- B. 5 metres
- C. 9 metres
- D. 16 metres

Kangaroos have short front legs, powerful back legs, huge back feet and strong tails that are perfectly designed for moving from place to place with great leaping bounds of up to 9 metres at a time.

Trivia Night

Round 10 - General Knowledge - DOUBLE POINTS FINAL ROUND

Q1. Which is the only vowel not on the top row of a computer keyboard? **A, E, I, O, U**

Q2. What are the 3 Rs of recycling? **Reduce, Reuse, Recycle**

Q3. What is the colour of the giraffe's tongue?

- A. Red
- B. Purple**
- C. Pink
- D. Orange

The colour of the tongue is best described as purple, black or blue with a pink base/back. It is generally assumed that the front part of the tongue has such dark coloration to protect it during frequent sun exposure while eating and prevent the tongue from getting sunburned, however, no one really knows.

Q4. Which is the biggest planet in the Solar System? **Jupiter**

Jupiter is the fifth planet from the Sun, and the largest in the solar system – more than twice as massive as the other planets combined.

Q5. Which type of fish is Nemo in Finding Nemo? **Clownfish**

Final Riddle

What has 13 hearts, but no other organs? **A deck of Playing Cards**
